

Conference and Exhibition on Innovations in Water Reuse

Event details

Water Reuse Europe Conference and Exhibition on Innovation in Water Reuse will take place in the historic and lively city of Girona on the 20th and 21st of September 2022. Only a 40-minute-long train journey away from Barcelona, Girona is an excellent base for discovering Catalonia and its culture, its cuisine, and the variety of its landscapes from the Costa Brava to the Pyrenees.

The conference is an industry focused event that will bring together professionals and organisations active in the water reuse sector for a two-day event packed with presentations from prestigious speakers, discussions, and technical visits. The conference will cover a wide range of topics including water reuse for potable applications, public health protection in water reuse, industrial and decentralised water reuse, water reuse in urban environments, nature-based solutions for water reuse, industrial reuse.
